CONTRIBUTING MEMBERS

Jessica Pyle (Finance Director) *Excused*
 Liz Van Leer (Development Director) *Excused*
 Amanda Blackburn (Athletic Dir.) *Excused*

I. Opening Prayer

II. Special Topic COVID updates

- a. Reviewed data presented by Mrs. Martin
- b. Current case rate - .74%
 - i. 3 positive, 1 quarantine, all from outside school exposure
 - ii. Pettis county continues to be in a high risk in CDC level of transmission (highest level)
 - iii. 10.7% positivity rate in the county, down from last week. 2 weeks of data used to analyze, so won't see update for another week.
 - iv. No calendar waivers from DESE planned at this time
 - v. Recommendations from DHSS/DESE are limited to exposures in the K-12 setting during the regular school day, not outside of. Area schools are planning to administer protocols the same.
 - vi. Reopening plan has been followed, no school-linked exposures to date.
 - vii. Administration shared that guidance from DESE, DHSS, PCHD indicates we are not currently in a position to relax current protocols, but do not see a need to increase.
 - viii. Have had some challenges finding substitutes, but not necessarily related to COVID.
 - ix. DESE has not yet responded to request to know when contact tracing needs might be able to cease.
 - x. Would like to hear standing of other conference schools at next SAC meeting (masks optional vs required and data)
 - xi. Administration encouraged to share an update to school parents as to status and decision. Current SH School rates are low, but county is still high.
